

# 1ST CCI LAND COVER USER WORKSHOP

AGENDA – END OF PHASE 2 MEETING - 31<sup>ST</sup> AUGUST 2017

ESA-ESRIN - FRASCATI, ITALY | MAGELLAN ROOM

**09:00 - 09:30**      *Registration and Coffee*

## OPENING SESSION

09:30 - 09:40	Welcome and introduction. <a href="#">ESA contribution to GEO Land Cover</a>	O. Arino, ESA
09:40 - 10:00	<a href="#">Describing the state of the Earth Surface from 1992 to 2015 with consistent global annual land cover time series</a>	P. Defourny, UCLouvain

## UNDERSTANDING THE ESA CCI LAND COVER PRODUCTS

10:00 - 10:20	<a href="#">Multi-mission surface reflectance data records from AVHRR HRPT, MERIS and PROBA-V: pre-processing overview, volumes and quality</a>	C. Brockmann, Brockmann-Consult
10:20 - 10:45	<a href="#">Characterization of land cover change and seasonal dynamics within the CCI Land Cover products</a>	C. Lamarche, UCLouvain
10:45 - 11:00	<a href="#">Quality assessment of the CCI Land Cover maps</a>	F. Achard, JRC
11:00 - 11:15	<a href="#">The CCI Land Cover user tool: how to bring products to users</a>	G. Kirches, Brockmann-Consult

**11:15 - 11:35**      *Coffee break*

11:35 - 11:50	<a href="#">The CCI water body products: a map of open permanent water bodies and water dynamics</a>	M. Santoro, GAMMA Remote Sensing
11:50 - 12:10	Overall achievements from the climate modelling community <a href="#">Uncertainty aspects in satellite-derived land cover information and its impact on land surface and climate models</a>	MOHC-UK, LSCE, MPI-M
12:10 - 12:30	Overall achievements from the climate modelling community <a href="#">Impacts of consistent global annual land cover maps on land surface models</a>	MOHC-UK, LSCE, MPI-M
12:30 - 13:00	<a href="#">Challenges and lessons learnt from mapping Africa at 20 m with Sentinel 2A</a>	C. Lamarche, UCLouvain

**13:00 - 14:00**      *Lunch*

## USER EXPERIENCE AND UPTAKE

14:00 - 14:20	<a href="#">CCI Land Cover in support of FAOSTAT land statistics</a>	G. Conchedda, Food and Agriculture Organization
14:20 - 14:40	<a href="#">Contribution of the CCI Land Cover maps to UNCCD reporting and Sustainable Development Goal 15.3 on land degradation neutrality</a>	R. Cumani, United Nations Convention to Combat Desertification (UNCCD)
14:40 - 15:00	<a href="#">Implementing CCI Land Cover in the HYDE database and IMAGE integrated assessment modelling</a>	J. Doelman, PBL Netherlands Environmental Assessment Agency
15:00 - 15:20	<a href="#">Estimating potential changes in the surface energy balance due to changes in land cover using the CCI Land Cover products</a>	G. Duveiller, JRC

**15:20 - 15:35**      *Coffee break*

## OPEN DISCUSSION

15:35 - 16:20	Forthcoming CCI Land Cover products and user community building	P. Defourny, UCLouvain; O. Arino, ESA
---------------	---	---------------------------------------

## CONCLUDING REMARKS

16:20 - 16:35		O. Arino, ESA
---------------	--	---------------
